

CLAIMS

- 1) A kit for constructing a potty comprising:
 - a) a biowaste collecting container;
 - b) a potty seat; said biowaste collecting container and potty seat being suitable to be assembled by a 2 to 6 year old child, to form a potty.
- 2) A kit according to claim 1 further comprising a children's book comprising a children's story which encourages a child to use a potty.
- 3) A kit for constructing a potty by way of amusement, comprising a plurality of construction parts suitable to be constructed by a 2 to 6 year old child.
- 4) A kit for decorating a potty comprising a potty and decorations suitable to be applied to said potty.
- 5) A kit according to claim 4 in which said potty or a part thereof is of the texture of an erasable blackboard.
- 6) A kit according to claim 4 in which said decorations are stickers selected from the group of decorative stickers, amusement stickers and stickers with illustrations of popular children entities, said stickers being suitable to be applied by a 2 to 6 year old child.
- 7) A kit according to claim 4 further comprising a children's book comprising a children's story which encourages the use of a potty.
- 8) A kit according to claim 4 in which said biowaste collecting container is selected from the group of bowl and disposable container.
- 9) A kit according to claim 1 further comprising decorations suitable to be applied to the potty.
- 10) A kit according to claim 2 further comprising decorations suitable to be applied to the potty.
